Voluntary Product Accessibility Template® (VPAT®)

Revised Section 508 Edition

Version 2.4Rev

About This Document

The VPAT is provided in four editions based on the standards/guidelines being evaluated. The editions are WCAG, Revised 508, EN 301 549 and International, which includes all of the standards.

This is the Revised Section 508 edition of the VPAT. It includes the following standards/guidelines:

- Web Content Accessibility Guidelines 2.0

- Revised Section 508 standards published January 18, 2017 and corrected January 22, 2018

If you need a different combination of standards/guidelines, use the appropriate alternate edition of the VPAT found on the ITI Accessibility web page.

This document is broken into two main sections:

- Essential Requirements and Best Practices for using the VPAT® to complete an Accessibility Conformance Report (the instructions)

- The VPAT

Please carefully review the Essential Requirements and Best Practices sections before using the VPAT to create an Accessibility Conformance Report.

The purpose of these instructions is to promote accurate and consistent reporting of product accessibility information.

The VPAT is a template used to document a product's conformance with accessibility standards and guidelines. The purpose of the Accessibility Conformance Report is to assist customers and buyers in making preliminary assessments regarding the availability of commercial "Electronic and Information Technology," also referred to as "Information and Communication Technology" (ICT) products and services with features that support accessibility.

The Information Technology Industry Council (ITI) provides the VPAT. Use of the template and service mark does not require membership in ITI.

Essential Requirements and Best Practices for Information & Communications Technology (ICT) Vendors

This section provides guidance for reporting product conformance for major accessibility standards and guidelines using the VPAT® to produce the Accessibility Conformance Report. Deviating from these guidelines precludes vendors from referencing the template by name and/or the VPAT acronym.

Getting Started

1. Before creating a report, read all of the materials provided in this document.

2. Determine which accessibility standards/guidelines will be included in the Accessibility Conformance Report and use the appropriate VPAT file.

3. It is the vendor's responsibility to maintain the integrity of the data in the report.

Essential Requirements for Authors

The following are the minimum requirements to produce an Accessibility Conformance Report based on the VPAT®.

1. The VPAT name and template are registered service marks of ITI. Use of the VPAT template and name requires the inclusion of the registered service mark (i.e., "VPAT®"). Users of the VPAT agree not to deviate from the Essential Requirements for Authors.

2. The template file can be used as is or replicated in a different delivery format, for example as HTML or PDF. The final conformance report must be accessible.

3. A report must contain the following content at a minimum:

   - **Report Title** – In the heading format of "[] Accessibility Conformance Report"

   - **VPAT Heading Information** – Template version

   - **Name of Product/Version** – Name of Product being reported, including product version identifier if necessary

   - **Report Date** – Date of report publication. At a minimum, provide the month and year of the report publication. For example, "May 2016". If date is included, ensure it is clear "4 May 2016" or "May 4, 2016".

   - **Product Description** – A brief description of the product

- **Contact Information** – Contact Information for follow-up questions. Listing an email is sufficient.

- **Notes** – Any details or further explanation about the product or the report. This section may be left blank.

- **Evaluation Methods Used** – Include a description of evaluation methods used to complete the VPAT for the product under test.

- **Applicable Standards/Guidelines** – A clear indication of which Standards/Guidelines this Conformance Report covers.

  - The list must include only the Standards/Guidelines used to evaluate the product.

  - The applicable Standards/Guidelines that are included in this VPAT edition are:

    - [Web Content Accessibility Guidelines 2.0](#) or WCAG 2.0 (ISO/IEC 40500)

    - [Revised Section 508 standards](#) – the U.S. Federal accessibility standard for ICT Products, published by the U.S. Access Board in the Federal Register on January 18, 2017 and corrected on January 22, 2018

  - If other Standards/Guidelines are reported, then use the appropriate VPAT edition.

  - This information can be in a table format at the top of the report with the table heading 'Standards/Guidelines' and the reported Standards/Guidelines identified. This information can alternatively be supplied in the introductory text of the report. In the VPAT we have used a table as an example and listed "(yes / no)" for each standard/guideline. To indicate what the report covers leave the appropriate yes or no on each standard/guideline.

  - If multiple Standards or Guideline tables are included, each table must identify the Standard or Guideline that the criteria in that table represent.

- **Terms** – The report must list the definition of the terms used in the Conformance Level column. ITI recommends the following terms. If a vendor deviates from the ITI definitions, the vendor shall reference this change in the heading Notes section. If a term is not used it can be removed from the list. The ITI definitions are: This can only be used in WCAG 2.x Level AAA

  - **Supports**: The functionality of the product has at least one method that meets the criterion without known defects or meets with equivalent facilitation.

- **Partially Supports**: Some functionality of the product does not meet the criterion.

- **Does Not Support**: The majority of product functionality does not meet the criterion.

- **Not Applicable**: The criterion is not relevant to the product.

Note: When filling in the WCAG tables, a response may use 'Supports' where one might otherwise be inclined to use 'Not Applicable'. This is in keeping with WCAG 2.0 Understanding Conformance: This means that if there is no content to which a success criterion applies, the success criterion is satisfied.

- **Not Evaluated**: The product has not been evaluated against the criterion. This can only be used in WCAG 2.x Level AAA.

- **Tables for Each Standard or Guideline** – Tables showing the responses to the criteria.

4. WCAG Conformance Information – The answers in the WCAG success criteria are based on the level of conformance being reported (Level A, AA or AAA).

- These tables are used to answer:

  - Revised Section 508:
    - Chapter 5 Software
    - Chapter 6 Support Documentation

  - The selected levels of WCAG 2.0 Guidelines.

- If using a summary table, due to answers applying to multiple criteria, when answering for the Revised Section 508, the answers need to be clear about which individual criteria the answer applies to. It is possible to either use a summary, selecting the worst case for the criteria, or to have separate answers or even tables for software, support documentation, authoring tools, etc., so long as the methodology used is made clear.

5. Remarks and Explanations – Detailed remarks should be provided in the Remarks and Explanations column to justify your answer in the Conformance Level column.

- When the conformance level is 'Partially Supports' or 'Does Not Support', the remarks should identify:

  1. The functions or features with issues

  2. How they do not fully support

- If the criterion does not apply, explain why.

- If an accessible alternative is used, describe it.

6. In the Section 508 tables, when subsections of criteria do not apply to the product, the section may be summarized or removed as long as an explanation is provided explaining why a criterion does not apply. Another alternative is to leave the table and add a summary why the section does not apply. For example, in Chapter 5 the criteria in 502 and 503 will not apply to a web only application, thus those sections can be removed with a summary in the notes for the chapter, or a row in the table.

Best Practices for Authors

ITI suggests that authors adopt the following best practices when using the VPAT® to create an Accessibility Conformance Report.

- **Branding Header:** Company logo or branding information

- **Report Date Changes:** If a report is revised, change the report date and explain the revision in the Notes section. Alternately, create a new report and explain in the Notes section that it supersedes an earlier version of the report.

- **Notes:** Add any notes applicable to product or the report

    - Additional information about the product version that the document references

    - Any revisions to the document

    - Links to any related documents

    - Additional information describing the product

    - Additional information about what the document does or does not cover

    - Information suggested by the [WCAG 2.0 Conformance Claim](#)

    - Information needed to satisfy ISO/IEC 17050-1:2004, Supplier's Declaration of Conformity

- **Evaluation Methods Used –** Information to enter may include the following:

    - Testing is based on knowledge of general product functionality (Instructional note: this would mean the tester knows how to use the common uses and flows of the product in addition to accessibility)

    - Similar to another evaluated product

    - Testing with assistive technologies

    - Published test method (provide name, publisher, URL link)

    - Vendor proprietary test method

    - Other test method

- **Remarks and Explanations:** This section may include:
  - Information regarding the testing of a given criteria.
  - Information on application dependencies to support accessibility (e.g. OS, app frameworks, browsers recommended).
  - How the customer can find more information about accessibility issues. One method can be to include the bug ID where customers can call the company's customer support to get additional information.
  - Known workarounds for accessibility issues.
- **Legal Disclaimer:** Area for any legal disclaimer text required by your organization.
- **Report Size:** To reduce the size of the report it is acceptable to remove sections. Individual criteria cannot be removed, only sections at a time. Section removal is acceptable in four situations:
  - When an entire section is not being reported on because it does not apply to the product, for example:
    - Chapter 4: Hardware. Information should be included in the notes for that section why it has been removed.
    - A card reader that doesn't have sound could remove the criteria in section 413 Closed Caption Processing Technologies and just note the why the criteria doesn't apply.
  - If the product is not being evaluated for a level of the criteria (for example Level AAA) then that table may be deleted.
  - If a requesting customer has identified that a section of the standard does not apply, information should be included in the notes that the section has been removed.
- **WCAG 2.0 Tables:** The WCAG 2.0 criteria are shown in three tables, Level A, Level AA, and Level AAA.
  - If desired, these tables can be combined into one table.
  - When reporting on a level (A, AA or AAA) all criteria for that level must be answered.
- **Language:** Translation to other languages is permitted.
- **Multiple Reports:** When using the VPAT to create an Accessibility Conformance Report for complex products it may be helpful to separate answers into multiple reports. For example, when a product is an Authoring Tool that also has web content and documentation. When multiple reports are used for a complex product, it is required to explain this and how to reach the other reports in the Notes section of each report.

- **Criteria Text:** To help conserve space in the ITI template only the criteria ID number and a short title have been included. Where possible, links have been included to the standard/guideline.

    - It is acceptable to add the full text of the criteria into the cell if desired to help with understanding.

    - The links to the standards/guidelines can be removed.

- **Ordering of Tables:** The order that the standard and guideline tables appear may be changed to facilitate reading. The current order is WCAG then Section 508. You can change this order to insert the WCAG criteria into the Section 508 tables.

- **Guideline Section Heading Rows in Tables:** The tables include heading rows to facilitate understanding the context of the criteria.

    - The cells in these rows do not require answers as indicated by "Heading cell – no response required."

    - It is optional to add a response if desired.

    - The shading of the row is also optional.

    - If removing the heading rows, edit the criteria titles so it's clear where they apply.

Posting the Final Document

- When publishing your Accessibility Conformance Report, be sure to remove the entire first 9 pages of this document, including the table of contents, introductory information and instructions.

- Check for each required item in the VPAT® document:

    - **[Company Name] Accessibility Conformance Report** (report title)

    - **(Based on VPAT® Version 2.4Rev)**

    - **Name of Product/Version**

    - **Report Date**

    - **Product Description**

    - **Contact Information**

    - **Notes**

    - **Evaluation Methods Used**

    - **Applicable Standards/Guidelines**

- **Terms**

- **Tables for Each Standard or Guideline**

  - Check that there is a response for each criterion for 'Conformance Level' and 'Remarks and Explanations.'

- Verify that the final document is accessible.

- Post your final document on your company's web site, or make the document available to customers upon request.

Table Information for VPAT® Readers

For each of the standards, the criteria are listed by chapter in a table. The structures of the tables are: the first column contains the criteria being evaluated, the second column describes the level of conformance of the product regarding the criteria and the third column contains any additional remarks and explanations regarding the product.

- When sections of criteria do not apply, or are deemed by the customer as not applicable, the section is noted as such and the rest of that table may be removed for that section.

- When multiple standards are being recorded in this document, the duplicative sections are noted and responded to only one time. The duplicate entry will note the cross reference to the data.

BIQE Accessibility Conformance Report

# Revised Section 508 Edition

(Based on VPAT® Version 2.4Rev)

Name of Product/Version: BIQE Archive, PROduction, OCR Server, HTR AI Software, BIQE DSS

Report Date: November 2025

Product Description: Handwritten Text Recognition Software

Contact Information: www.ocr-handwriting.com; Email : info@biqe.biz

Notes: All BIQE software versions are tested, and there is a version history in every BIQE program where you can see the improvements after testing

Evaluation Methods Used: This product was evaluated through a combination of manual and automated testing of user interface components, navigation, controls, and workflows using assistive technologies such as screen readers and keyboard-only navigation.

Applicable Standards/Guidelines

This report covers the degree of conformance for the following accessibility standard/guidelines:

Standard/Guideline	Included In Report
Web Content Accessibility Guidelines 2.0	Level A (Yes)
	Level AA (Yes)
	Level AAA (No)
Revised Section 508 standards published January 18, 2017 and corrected January 22, 2018	(Yes)

Terms

The terms used in the Conformance Level information are defined as follows:

- **Supports**: The functionality of the product has at least one method that meets the criterion without known defects or meets with equivalent facilitation.
- **Partially Supports**: Some functionality of the product does not meet the criterion.
- **Does Not Support**: The majority of product functionality does not meet the criterion.
- **Not Applicable**: The criterion is not relevant to the product.
- **Not Evaluated**: The product has not been evaluated against the criterion. This can be used only in WCAG 2.0 Level AAA.

WCAG 2.0 Report

Tables 1 and 2 also document conformance with Revised Section 508:

- Chapter 5 – 501.1 Scope, 504.2 Content Creation or Editing
- Chapter 6 – 602.3 Electronic Support Documentation

Note: When reporting on conformance with the WCAG 2.0 Success Criteria, they are scoped for full pages, complete processes, and accessibility-supported ways of using technology as documented in the WCAG 2.0 Conformance Requirements.

Table 1: Success Criteria, Level A

Notes:

Criteria	Conformance Level	Remarks and Explanations
1.1.1 Non-text Content (Level A) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Partially Supports	BIQE interfaces rely heavily on image previews, visual controls, and drag-based tools. Basic controls expose visible labels, but many custom UI elements do not expose programmatic names/roles to assistive technologies. Image previews, cropping frames, segmentation lines, and batch previews are not available to screen readers.
1.2.1 Audio-only and Video-only (Prerecorded) (Level A) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Not Applicable	BIQE contains no prerecorded, live, audio, or video media, and its documentation does not require captioning.
1.2.2 Captions (Prerecorded) (Level A) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Not Applicable	BIQE contains no prerecorded, live, audio, or video media, and its documentation does not require captioning.
1.2.3 Audio Description or Media Alternative (Prerecorded) (Level A) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Not Applicable	BIQE contains no prerecorded, live, audio, or video media, and its documentation does not require captioning.
1.3.1 Info and Relationships (Level A) Also applies to: Revised Section 508 • 501 (Web)(Software)	Partially Supports	Most standard Windows controls retain expected structure; however: Custom BIQE panels, batch-process tables, and enhancement filter lists do not expose full semantic structure to assistive technologies.

Criteria	Conformance Level	Remarks and Explanations
• 504.2 (Authoring Tool) • 602.3 (Support Docs)		
1.3.2 Meaningful Sequence (Level A) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Partially Supports	The general navigation sequence is logical, but some panels and filter selection interfaces do not follow a predictable focus order for screen reader users.
1.3.3 Sensory Characteristics (Level A) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Supports	BIQE instructions do not rely solely on shape, color, size, location, orientation, or sound.
1.4.1 Use of Color (Level A) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Supports	Color is not used as the only means of conveying information; BIQE uses text labels and icons.
1.4.2 Audio Control (Level A) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Not Applicable	BIQE does not generate or play audio.
2.1.1 Keyboard (Level A) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Partially Supports	Many BIQE functions are accessible via keyboard. However, key BIQE workflows (content cropping, line detection adjustments, segmentation, manual region selection, drag-based operations) require mouse input and cannot be performed with keyboard alone.

Criteria	Conformance Level	Remarks and Explanations
2.1.2 No Keyboard Trap (Level A) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Partially Supports	BIQE standard dialogs and tool windows do not trap keyboard focus.
2.2.1 Timing Adjustable (Level A) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Supports	No time-limited tasks exist.
2.2.2 Pause, Stop, Hide (Level A) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Not Applicable	No moving, blinking, or auto-updating content requiring controls.
2.3.1 Three Flashes or Below Threshold (Level A) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Supports	No flashing content.
2.4.1 Bypass Blocks (Level A) Also applies to: Revised Section 508 • 501 (Web)(Software) – Does not apply to non-web software • 504.2 (Authoring Tool) • 602.3 (Support Docs) – Does not apply to non-web docs	Not Applicable to BIQE	Desktop software; bypass blocks apply to web content only.
2.4.2 Page Titled (Level A) Also applies to: Revised Section 508	Supports	BIQE windows have descriptive titles (e.g., "BIQE OCR Server," "Enhancement Filters," "HTR Processing").

Criteria	Conformance Level	Remarks and Explanations
• 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)		
2.4.3 Focus Order (Level A) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Partially Supports	Most controls follow a logical order; however: complex panes (batch image lists, filter stacks) may not follow linear focus sequencing.
2.4.4 Link Purpose (In Context) (Level A) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Supports	Buttons, icons, and menu items are visually labeled.
3.1.1 Language of Page (Level A) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Supports	BIQE UI language is explicitly set (English).
3.2.1 On Focus (Level A) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Supports	Focus does not trigger unexpected context changes.
3.2.2 On Input (Level A) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool)	Supports	Input does not cause unexpected changes.

Criteria	Conformance Level	Remarks and Explanations
• 602.3 (Support Docs)		

3.3.1 Error Identification (Level A)
Also applies to:
Revised Section 508
    • 501 (Web)(Software)
    • 504.2 (Authoring Tool)
    • 602.3 (Support Docs)
	Partially Supports	Error messages appear visually but are not consistently announced to screen readers.

3.3.2 Labels or Instructions (Level A)
Also applies to:
Revised Section 508
    • 501 (Web)(Software)
    • 504.2 (Authoring Tool)
    • 602.3 (Support Docs)
	Supports	Fields and settings include visible text labels.

4.1.1 Parsing (Level A)
Also applies to:
Revised Section 508
    • 501 (Web)(Software)
    • 504.2 (Authoring Tool)
    • 602.3 (Support Docs)
	Not Applicable	BIQE desktop applications do not use markup languages.

4.1.2 Name, Role, Value (Level A)
Also applies to:
Revised Section 508
    • 501 (Web)(Software)
    • 504.2 (Authoring Tool)
    • 602.3 (Support Docs)
	Partially Supports	Standard controls expose name-role-value, but BIQE custom elements (segmentation sliders, image canvases, cropping frames, filter controls) are not fully programmatically accessible.

Table 2: Success Criteria, Level AA

Notes:

Criteria	Conformance Level	Remarks and Explanations
1.2.4 Captions (Live) (Level AA) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Not Applicable	BIQE contains no prerecorded, live, audio, or video media, and its documentation does not require captioning.
1.2.5 Audio Description (Prerecorded) (Level AA) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Not Applicable	BIQE contains no prerecorded, live, audio, or video media, and its documentation does not require captioning.
1.4.3 Contrast (Minimum) (Level AA) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Partially Supports	Most text meets contrast requirements; some low-contrast status text, icons, or inactive controls may not.
1.4.4 Resize text (Level AA) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Partially Supports	OS text scaling works, but some panels may clip text or fail to fully enlarge control labels.
1.4.5 Images of Text (Level AA) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Supports	Images of text are used only for previews; they are not essential.
2.4.5 Multiple Ways (Level AA) Also applies to: Revised Section 508	Not Applicable	Applies to web navigation; BIQE is desktop software.

Criteria	Conformance Level	Remarks and Explanations
• 501 (Web)(Software) – Does not apply to non-web software • 504.2 (Authoring Tool) • 602.3 (Support Docs) – Does not apply to non-web docs		
2.4.6 Headings and Labels (Level AA) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Partially Supports	Visible labels exist, but programmatic label associations are inconsistent across custom BIQE controls.
2.4.7 Focus Visible (Level AA) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Supports	Windows OS provides a visible focus indicator.
3.1.2 Language of Parts (Level AA) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Supports	Mixed-language UI content.
3.2.3 Consistent Navigation (Level AA) Also applies to: Revised Section 508 • 501 (Web)(Software) – Does not apply to non-web software • 504.2 (Authoring Tool) • 602.3 (Support Docs) – Does not apply to non-web docs	Not Applicable	Applies to website navigation patterns, not desktop software.
3.2.4 Consistent Identification (Level AA) Also applies to: Revised Section 508 • 501 (Web)(Software) – Does not apply to non-web software • 504.2 (Authoring Tool)	Supports	Controls maintain consistent labeling across the suite.

Criteria	Conformance Level	Remarks and Explanations
• 602.3 (Support Docs) – Does not apply to non-web docs		
3.3.3 Error Suggestion (Level AA) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Partially Supports	Error suggestions are present in some dialogs, but not consistently exposed to AT.
3.3.4 Error Prevention (Legal, Financial, Data) (Level AA) Also applies to: Revised Section 508 • 501 (Web)(Software) • 504.2 (Authoring Tool) • 602.3 (Support Docs)	Supports	Destructive operations (delete, process, overwrite) prompt for confirmation.

Table 3: Success Criteria, Level AAA

Notes:

Criteria	Conformance Level	Remarks and Explanations
1.2.6 Sign Language (Prerecorded) (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.
1.2.7 Extended Audio Description (Prerecorded) (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.
1.2.8 Media Alternative (Prerecorded) (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.
1.2.9 Audio-only (Live) (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.
1.4.6 Contrast (Enhanced) (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.
1.4.7 Low or No Background Audio (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.

Criteria	Conformance Level	Remarks and Explanations
1.4.8 Visual Presentation (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.
1.4.9 Images of Text (No Exception) (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.
2.1.3 Keyboard (No Exception) (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.
2.2.3 No Timing (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.
2.2.4 Interruptions (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.
2.2.5 Re-authenticating (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.
2.3.2 Three Flashes (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.
2.4.8 Location (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.
2.4.9 Link Purpose (Link Only) (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.
2.4.10 Section Headings (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.
3.1.3 Unusual Words (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.
3.1.4 Abbreviations (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.
3.1.5 Reading Level (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.
3.1.6 Pronunciation (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.
3.2.5 Change on Request (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.
3.3.5 Help (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.

Criteria	Conformance Level	Remarks and Explanations
3.3.6 Error Prevention (All) (Level AAA) Revised Section 508 – Does not apply	Not Evaluated	Section 508 does not require AAA compliance.

Revised Section 508 Report

Notes:

Chapter 3: Functional Performance Criteria (FPC)

Notes:

Criteria	Conformance Level	Remarks and Explanations
302.1 Without Vision	Does Not Support	BIQE interfaces rely heavily on image previews, visual controls, and drag-based tools. Many custom UI elements do not expose programmatic names/roles to assistive technologies, making them inaccessible to screen readers (ref. WCAG 1.1.1, 4.1.2). Image previews, cropping frames, segmentation lines, and batch previews are not available to screen readers. Therefore, users who are blind or have no vision cannot effectively use key functionalities.
302.2 With Limited Vision	Partially Supports	While standard OS scaling works, certain BIQE panels may clip text or fail to enlarge control labels fully (ref. WCAG 1.4.4). Some low-contrast status text, icons, or inactive controls may not meet minimum contrast requirements (ref. WCAG 1.4.3). The general navigation sequence is logical, but some panels and filter selection interfaces do not follow a predictable focus order for screen

Criteria	Conformance Level	Remarks and Explanations
		reader users (ref. WCAG 1.3.2, 2.4.3).
302.3 Without Perception of Color	Supports	Color is not used as the only means of conveying information; BIQE uses text labels and icons (ref. WCAG 1.4.1). BIQE instructions do not rely solely on shape, color, size, location, orientation, or sound (ref. WCAG 1.3.3).
302.4 Without Hearing	Supports	BIQE does not generate or play audio (ref. WCAG 1.4.2), and thus does not rely on auditory information for its functionality.
302.5 With Limited Hearing	Supports	As BIQE does not generate or play audio (ref. WCAG 1.4.2), its functionality is not dependent on a user's hearing ability.
302.6 Without Speech	Supports	BIQE's primary interaction methods are keyboard and mouse input, and it does not require speech input for its operation.
302.7 With Limited Manipulation	Partially Supports	Key BIQE workflows (content cropping, line detection adjustments, segmentation, manual region selection, drag-based operations) require precise mouse input and cannot be fully performed with the keyboard alone (ref. WCAG 2.1.1).
302.8 With Limited Reach and Strength	Partially Supports	Similar to limited manipulation, workflows requiring precise mouse movements or sustained interactions may pose challenges for users with limited reach or strength, as these

Criteria	Conformance Level	Remarks and Explanations
		actions cannot always be performed via keyboard (ref. WCAG 2.1.1).
302.9 With Limited Language, Cognitive, and Learning Abilities	Partially Supports	Error suggestions are present in some dialogs but are not consistently exposed to assistive technologies (ref. WCAG 3.3.3). Error messages appear visually but are not consistently announced to screen readers (ref. WCAG 3.3.1). While destructive operations prompt for confirmation (ref. WCAG 3.3.4), the inconsistent accessibility of error information can impact users with cognitive limitations.

Chapter 4: Hardware

Notes:

Criteria	Conformance Level	Remarks and Explanations
402 Closed Functionality	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
402.1 General	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
402.2 Speech-Output Enabled	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
402.2.1 Information Displayed On-Screen	Not Applicable	Not Applicable - This product is software and does not include

Criteria	Conformance Level	Remarks and Explanations
		hardware components subject to this criterion.
402.2.2 Transactional Outputs	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
402.2.3 Speech Delivery Type and Coordination	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
402.2.4 User Control	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
402.2.5 Braille Instructions	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
402.3 Volume	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
402.3.1 Private Listening	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
402.3.2 Non-private Listening	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
402.4 Characters on Display Screens	Not Applicable	Not Applicable - This product is software and does not include

Criteria	Conformance Level	Remarks and Explanations
		hardware components subject to this criterion.
402.5 Characters on Variable Message Signs	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
403 Biometrics	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
403.1 General	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
404 Preservation of Information Provided for Accessibility	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
404.1 General		
405 Privacy	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
405.1 General		
406 Standard Connections	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
406.1 General		
407 Operable Parts	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.

Criteria	Conformance Level	Remarks and Explanations
407.2 Contrast	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
407.3 Input Controls	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
407.3.1 Tactilely Discernible	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
407.3.2 Alphabetic Keys	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
407.3.3 Numeric Keys	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
407.4 Key Repeat	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
407.5 Timed Response	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
407.6 Operation	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.

Criteria	Conformance Level	Remarks and Explanations
407.7 Tickets, Fare Cards, and Keycards	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
407.8 Reach Height and Depth	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
407.8.1 Vertical Reference Plane	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
407.8.1.1 Vertical Plane for Side Reach	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
407.8.1.2 Vertical Plane for Forward Reach	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
407.8.2 Side Reach	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
407.8.2.1 Unobstructed Side Reach	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
407.8.2.2 Obstructed Side Reach	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.

Criteria	Conformance Level	Remarks and Explanations
407.8.3 Forward Reach	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
407.8.3.1 Unobstructed Forward Reach	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
407.8.3.2 Obstructed Forward Reach	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
407.8.3.2.1 Operable Part Height for ICT with Obstructed Forward Reach	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
407.8.3.2.2 Knee and Toe Space under ICT with Obstructed Forward Reach	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
408 Display Screens	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
408.2 Visibility	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
408.3 Flashing	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.

Criteria	Conformance Level	Remarks and Explanations
409 Status Indicators	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
409.1 General	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
410 Color Coding	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
410.1 General	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
411 Audible Signals	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
411.1 General	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
412 ICT with Two-Way Voice Communication	Not Applicable	Heading cell – no response required
412.2 Volume Gain	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
412.2.1 Volume Gain for Wireline Telephones	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.

Criteria	Conformance Level	Remarks and Explanations
412.2.2 Volume Gain for Non-Wireline ICT	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
412.3 Interference Reduction and Magnetic Coupling	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
412.3.1 Wireless Handsets	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
412.3.2 Wireline Handsets	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
412.4 Digital Encoding of Speech	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
412.5 Real-Time Text Functionality	Reserved for future	Reserved for future
412.6 Caller ID	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
412.7 Video Communication	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
412.8 Legacy TTY Support	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.

Criteria	Conformance Level	Remarks and Explanations
412.8.1 TTY Connectability	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
412.8.2 Voice and Hearing Carry Over	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
412.8.3 Signal Compatibility	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
412.8.4 Voice Mail and Other Messaging Systems	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
413 Closed Caption Processing Technologies	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
413.1.1 Decoding and Display of Closed Captions	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
413.1.2 Pass-Through of Closed Caption Data	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
414 Audio Description Processing Technologies	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.

Criteria	Conformance Level	Remarks and Explanations
414.1.1 Digital Television Tuners	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
414.1.2 Other ICT	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
415 User Controls for Captions and Audio Descriptions	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
415.1.1 Caption Controls	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.
415.1.2 Audio Description Controls	Not Applicable	Not Applicable - This product is software and does not include hardware components subject to this criterion.

Chapter 5: Software

Notes:

Criteria	Conformance Level	Remarks and Explanations
501.1 Scope – Incorporation of WCAG 2.0 AA	See WCAG 2.x section	See information in WCAG 2.x section
502 Interoperability with Assistive Technology		
502.2.1 User Control of Accessibility Features	Supports	BIQE utilizes standard Windows controls that respect system-level accessibility settings. Users can configure accessibility features through the operating system.

Criteria	Conformance Level	Remarks and Explanations
502.2.2 No Disruption of Accessibility Features	Supports	BIQE is designed not to disrupt system-level accessibility features or settings configured by the user.
502.3 Accessibility Services	Heading cell – no response required	Heading cell – no response required
502.3.1 Object Information	Partially Supports	
502.3.2 Modification of Object Information	Partially Supports	
502.3.3 Row, Column, and Headers	Partially Supports	
502.3.4 Values	Partially Supports	
502.3.5 Modification of Values	Partially Supports	
502.3.6 Label Relationships	Partially Supports	
502.3.7 Hierarchical Relationships	Partially Supports	
502.3.8 Text	Partially Supports	
502.3.9 Modification of Text	Partially Supports	
502.3.10 List of Actions	Partially Supports	
502.3.11 Actions on Objects	Partially Supports	
502.3.12 Focus Cursor	Partially Supports	
502.3.13 Modification of Focus Cursor	Partially Supports	
502.3.14 Event Notification	Partially Supports	
502.4 Platform Accessibility Features	Partially Supports	
503 Applications	Heading cell – no response required	Heading cell – no response required
503.2 User Preferences	Not Applicable	
503.3 Alternative User Interfaces	Not Applicable	
503.4 User Controls for Captions and Audio Description		
503.4.1 Caption Controls	Not Applicable	
503.4.2 Audio Description Controls	Not Applicable	
504 Authoring Tools		
504.2 Content Creation or Editing (if not authoring tool, enter "not applicable")	Not Applicable	This product is not an authoring tool as defined by Section 508, as it does not create or edit content that is ultimately consumed by users.

Criteria	Conformance Level	Remarks and Explanations
504.2.1 Preservation of Information Provided for Accessibility in Format Conversion	in accordance with VPAT guideline on page 6, point 6).	
504.2.2 PDF Export	in accordance with VPAT guideline on page 6, point 6).	
504.3 Prompts	in accordance with VPAT guideline on page 6, point 6).	
504.4 Templates	in accordance with VPAT guideline on page 6, point 6).	

Chapter 6: Support Documentation and Services

Notes:

Criteria	Conformance Level	Remarks and Explanations
601.1 Scope	Heading cell – no response required	Heading cell – no response required
602 Support Documentation	Heading cell – no response required	Heading cell – no response required
602.2 Accessibility and Compatibility Features	Supports	Support documentation (including this VPAT) includes information regarding the product's accessibility and compatibility features. Additional information can be requested by contacting BIQE support at **info@biqe.biz**.
602.3 Electronic Support Documentation	See WCAG 2.x section	See information in WCAG 2.x section
602.4 Alternate Formats for Non-Electronic Support Documentation	Not Applicable	Not Applicable - All support documentation for this product is provided electronically.
603 Support Services	Heading cell – no response required	Heading cell – no response required
603.2 Information on Accessibility and Compatibility Features	Supports	Information on accessibility and compatibility features is provided through this VPAT and can be obtained by contacting BIQE support at info@biqe.biz.
603.3 Accommodation of Communication Needs	Supports	BIQE provides support through various communication channels including email and online resources. Accommodations for

Criteria	Conformance Level	Remarks and Explanations
		communication needs can be requested via email to info@biqe.biz.
